(Verse 1)

I'd like to put this another way,  
But there's better things I could do today,  
Like sit and stare at nothing at all.  
Maybe smoke until my face is gray,  
Or watch my record player play,  
So loud, I can't hear your call.  
And any song will do,  
Play me anything,  
As long as it's one I've never heard you sing.

(Chorus)

I hated you,  
Just as much as summertime,  
The weather does not change my mind,  
It just makes me hot and bothered.  
It's a simple emotion,  
You can't do without,  
It's a simpler notion  
Just to let you go and choke you out.

(Verse 2)

There must be someone else that you can show,  
How fast your lovely mouth can go,  
I think I'd rather talk to myself.  
I could sit around and pretend to care  
Or picture you in underwear,  
But that can't be much good for my health.  
And anyone will do,  
Give me anyone,  
As long as it's not someone you've seen or done.

(Chorus)

(Verse 3)

Look at all you've done,  
See now I've beaten and you've won,  
And now I hate you, I really hate you.  
And after everything we've done,  
I can't believe you're not the one,  
And now I hate you, I really hate you.

I hate you, I hate you, I hate you, I hate you.

(Chorus X 2)
