(Ross/Wray/Bullard)

I was lost in darkness all alone  
On the streets no place that I  
I could call my own  
Time's so hard  
Rain everywhere down below  
Until the day I heard your voice  
Telling me which way to go  
Come on out into the life  
Hold on love it's alright  
It's a wonderful life  
Now that you made me see  
My life's complete  
It's in harmony  
It's a wonderful life  
Now that you're here with me  
I can't believe I'm in ecstasy  
I was blind but love made me see  
It's everything I was searchin' for  
Was right in front of me  
Loving you made me very strong  
You gave me the strength I needed  
So I could carry on  
Come on out into the light  
Hold on love it's alright  
It's a wonderful life  
You made me see  
My life's complete  
It's in harmony  
It's a wonderful life  
Now that you're here with me  
I can't believe I'm in ecstasy  
I feel light as a feather  
Every day's beautiful weather  
In your arms I remain  
Forever and ever  
It's a wonderful life  
That you made me see  
My life's complete  
It's in harmony  
It's a wonderful life

Now that you're here with me  
I can't believe I'm in ecstasy  
It's a wonderful life  
You made me see  
My life's complete  
It's in harmony  
It's a wonderful life  
Now that you're here with me  
I can't believe I'm in ecstasy
