(Michael Masser/Gerry Goffin)

Stay with me
Spend just one more day with me
Maybe you can rearrange your plans

I know there's a whole new world to found
And it's to that world you're bound
Put please don't leave me standing here
Stranded on the ground

Won't you stay with me
Stay with me
Spend just one more day with me
I can't bear to see it end this way

If I could spend one day with you
It would last my whole life through
And of all the nights I've held you close
Tonight's the night that means the most

Won't you stay with me
Just stay with me
I never thought that I would meet someone so beautiful
Never thought I'd see a night like this
'Cause if you know you're gonna lose someone so
beautiful
For the rest of your life
That's an awful lot to miss

So won't you stay with me
Stay with me
Spend just one more day with me
Maybe you can rearrange your plans
Won't you stay with me

I can't bear to see it end this way
I never thought that I would meet someone so beautiful
Never thought I'd see a night like this, yeah
'Cause if you know you're gonna lose someone
so beautiful

For the rest of your life
That's an awful lot to miss

So, won't you stay with me
I can't bear to see it in this way
Won't you stay with me
Stay with me
Stay with me

So, won't you stay with me
I can't bear to see it in this way
Won't you stay with me
Stay with me
Stay with me

Stay with me For the rest of your life Stay with me
