Oh yeah

Hey hey

I wanna know, do you have style?

The kind of style that makes a woman want to lose her
mind

And I wanna know when you make it worth my time

Will it be like all the rest won't give you best, just fall
behind

'Coz I wanna know what turns you on

And you keep the loving strong

'Coz with me you don't have to ask

'Coz I'm the woman that'll give you what you need

Tell me

Do you think you can swing a little time with me

Swing it, swing it

I'll be all that you need

Do you think you can swing a little time with me

Swing it, swing it

I'll be all that you need

There's not a thing that I won't do

Once I find a man that gives me love it's kind of cool

Take any night by candlelight

I wanna be to you the one you never had before

'Coz I wanna know what turns you on

And you keep the loving strong

'Coz with me you don't have to ask

'Coz I'm the woman that'll give you what you need

Tell me, tell me, tell me

Do you think you can swing a little time with me

Swing it, come on

I'll be all that you need

Do you think you can swing a little time with me

Swing it, swing it
I'll be all that you need

Do you think you can swing a little time with me
Swing it, swing it
I'll be all that you need

Do you think you can swing a little time with me
Swing it, swing it
I'll be all that you need

Do you think you can swing a little time with me
Swing it, swing it
I'll be all that you need

'Coz I wanna know what turns you on
Oh baby, keep it strong
You don't have to ask
'Coz I'm the woman that'll give you what you need

Tell me
Swing it, swing it, swing it with me
Come on baby
Swing it, swing it, swing it with me
Do you, do you
Swing it, swing it, swing it with me
Do you

Do you think that you could swing a little time with me
Swing it, swing it
Do you swing it
Do you think that you could swing a little time with me
Swing it, swing it
I'll be all that you need
Do you think that you could swing a little time with me
Swing it, swing it
Do you think that you could swing a little time with me
Swing it, swing it I'll be all that you need Swing it, swing
it, swing it You can do it
