Who would have ever thought  
The day could ever come  
When we would see  
A love like this fall into pieces

And it hurts me to know that now 'til then  
I'll only have these memories  
And now there's no time left to pretend  
And it feels like it's the end  
But you're always in my heart  
Until we meet again

Now I have to let you go  
There's no way we can be friends  
But you're always part of me  
Until we meet again

Why while our love was strong  
We still couldn't make it  
Did time have to take our lives in different directions  
And it hurts cause there's no way for me to reach you  
We're so far apart  
When did we grow so far apart

And now there's no time left to pretend  
And it feels like it's the end  
But you're always in my heart  
Until we meet again

Now I have to let you go  
There's no way we can be friends  
But you're always part of me  
Until we meet again

Deep in my heart I know  
I'll see you again well I don't know  
Where or when.. but till then

And now there's no time left to pretend

And it feels like it's the end  
But you're always in my heart  
Until we meet again

Now I have to let you go  
There's no way we can be friends  
But you're always part of me  
Until we meet again

And now there's no time left to pretend  
And it feels like it's the end  
But you're always in my heart  
Until we meet again

Now I have to let you go  
There's no way we can be friends  
But you're always part of me  
Until we meet again

And now there's no time left to pretend  
And it feels like it's the end But you're always in my  
heart Until we meet again
