Come on skinny love just last a year
Pour a little soap we were never here
My my my my my my my my, my my
Standing in the sea of blood
And crushed underneath

And I tell my love to record all
Cut down all the ropes to let me fall
My my my my my my my my, my my
Right here in this moment
This hope is done

And I told you to be patient
And I told you to be fine
And I told you to be balanced
And I told you to be kind

And in the morning I'll be with you
Beneath the cat
And I'll be holding on to get
And you'll be holding on to find

Come on skinny love what happened here
Circle on the hope in all those years
My my my my my my my my, my my
Certain on these fools who slow speed

And I told you to be patient
And I told you to be fine
And I told you to be balanced
And I told you to be kind

And our only love is wasting
And who in hell was I
Now I'm breaking at the bridges
And in the end of what we lie

We love you, we'll fight
We're follow far behind

Come on skinny love just last a year

And pour a little soap we were never here
We were never here
