Denial  
The first..  
Sweeter than honey  
The second time  
What's left  
No time  
A pleasant surprise  
All the time  
Proof  
Always answers  
Sharing feelings  
With me  
I would like to clear it up for once  
Please  
Proof  
Safety at last  
Gone  
And I think all the time  
About the dawn and the night  
All the answers  
The wrong and right  
When we kiss, when we fight  
And love in its most natural way  
All the time  
All of my life  
Till the fire's burned down again  
Proof  
It's all gone, Away
