It has always been in the back of my mind
Dreaming about going through corners of time
I always wanted to fly in strange machines

I wanna do centuries in a lifetime
And feel it with my hands
Touch world war II and Cleopatra
flying...

Could it be that my dream would come true
Building a machine that would actually do
What I want to do

Russian revolution, let's do it in one day
Beethoven and Gershwin I think that would be OK
More than anything I wanna fly in strange machines

I wanna do centuries in a lifetime
And feel it with my eyes
Watch Jesus rise. If he ever did
Flying...

I wanna do centuries in a lifetime
And feel it with my hands
Touch renaissance and Shaka Khan
Flying...
