[Sun Doobie]

Don't worry, Kingpin Don Sun Juan  
Papi Chulo, the only one, fun  
Shake your booty, for my crew FunkDoobie  
Yours truly lonely sleestak, kick my duty  
Gettin groovy, Funk is ?Sun-ny to the Boonies?  
Black hoodie, they'll say I'm home now boogie  
What they told me, ?bunch of germ tango showbie?  
Mango juicy, you know who I be  
Latin formanizer, luxury liner  
Fly designer, penthouse hind finder  
Nuttin finer, than this latin mic sniper  
Godiva's know who's hype, who brings it liver

[Chorus]

Soy, Papi Chulo, muerte la caldera  
Soy, Papi Chulo, muerte la baca, ahh  
Baby don't you know I wanna be with you  
Ohhh baby let me see your body move...

[Daz Dillinger]

Papi wid it, notice how we rush the floor we get it  
yo who did it (he did it) we bustin and we watch the  
deez spinnin  
This inner zone's forbidden, Daz Dillinger comin  
with the force of a cobra, and now you been bitten  
Bustin to the extreme, show my, broadest and realest  
You know me to get the illest, now hah, can you feel it?  
Dope, gangsta FunkDoobie, all in my trunk, every  
time you see me but you won't, check out the way I  
smash stumps to rude comps, what?  
Breakin down your doors, for you and yours, say what?  
Bronze Tony's baddest status, a mean being  
the brother's the toughest and the baddest, hah hah  
Check it out

[Chorus]

[Sun Doobie]

The rugged 'Rican puts five to your blunts and  
congo drummin, countin stacks by the hundreds  
Doobie's comin, so don't act stubborn  
Girls by the dozen get the toast uncut

[Cobra Red]

Senorita, toast strawberry margarita  
Lady like ?man of bring? the pool out the heater  
Big cash, no time for laughs when you request  
?over? for hire, hoes retire, the battle was won  
by the rest, we take your chest, intrude a vibe  
that is best, game sewed up tight, like a seamstress  
Petite, in a long ?spleen skin? skirt, puttin it work  
Pushin em in the dirt, doin the maneuver, by being a  
flirt flirt

[Chorus]

Papi Chulo, I wanna do  
the things you do, you make me move  
Do what you do when you do  
what you doooo  
Baby don't you know  
I wanna be with you  
Whoaaaaahhh baby let me see  
your body moveeeeeee!

[Sun Doobie - 2X]

Mueve las caderas  
muevela pa' acÃi  
aquÃ estÃi  
seÃ±or boricua  
Soy el papichulo
