Shamelessly stolen from The Pogues lyrics database.

I am Francisco Vasquez Garcia  
I am welcome to Almeria  
We have sin gas and con leche  
We have fiesta and feria  
We have the song of the chochona  
We have brandy and half corona  
And Leonardo and his accordione  
And calamari and macaroni  
Come all you rambling boys of pleasure  
And ladies of easy leisure  
We must say Adios! until we see  
Almeria once again  
There is a minstrel, there you see,  
And he stoppeth one in three  
He whispers in this one's ear  
"Will you kindly kill that doll for me"  
Now he has won chochona in the bingo  
All the town has watched this crazy gringo  
As he pulls off the doll's head laughing  
And ?miraldo! throws its body in the sea  
El venticinco de agosto  
Abrio sus ojos Jaime Fearnley  
Pero el bebe cinquante Gin-campari  
Y se tendio para cerrarlos  
Y Costello el rey del America  
Y suntuosa Cait O Riordan  
Non rompere mes colliones  
Los gritos fuera de las casas
