I been down
I been around
I been lost
And I been found

I been dumb
I been numb
I been blind
But the miracles still come

There's always a reason
Sometimes invisible
Always a reason, but sometimes
You can't see them

She was gone
By the dawn
With her went
The ground that I stood on
And the pain
Fell like rain
But it passed
And I opened up again

There's always a reason...

Just before the quiet time
When black of night becomes the sunrise
You are sure that it will never shine
I see it shining

There's always a reason...
