I walked the world alone so long  
Lost on my own trip  
I had to see it, touch it, taste it  
Or it did not exist

I was a faithless man  
Empty heart and hand  
A tired traveler, in a barren land

But I have seen the light  
It looks a lot like you  
So baby, if you ask me to  
I believe in God for you

The stars are shining down on us  
I see it all so clear  
I can't remember what it was  
I ran from all those years

Now, I'm alive again  
You are my oxygen  
I got more faith than a thousand men

And I have seen the light; it looks a lot like you  
And it's your love that pulls me through  
And now I realize that all you said was true  
So baby when you ask me to  
I believe in God for you

Beautiful, miracle

And I have seen the light; it looks a lot like you  
And it's your love that pulls me through  
And now I realize that all you said was true  
So baby when you ask me to  
I believe in God for you

And I have seen the light; it looks a lot like you  
(I believe in God for you)  
And it's your love that pulls me through  
(Yeah, I believe in God for you)

And now I realize that all you said was true  
(Yes, yeah, ohh, I believe in God for you)  
So baby when you ask me to  
(Yes, it's true, yes, it's true, I know it's true)

And I have seen the light; it looks a lot like you  
(Yeah, it looks a lot like you, yeah)  
And it's your love that pulls me through  
(Yeah, yes you're right)  
And now I realize that all you said was true
