I want to get close to you
But I don't know where you are
I had a dream, it woke me up
But now I can't remember what I saw

Am I alone again?
The room still looks the same
But there's this buzzing in the atmosphere
Your energy is everywhere
It almost speaks your name

I try but I fail
I run but I fall
And falling I find I still can crawl
I'm down on my knees
I'm reaching for you
Are you reaching for me?
My serenity

See these prison bars
Some of my best laid plans
I tunneled through the mountainside
Disregarded warning signs
Made with my own hands
I try but I fail...

There's this buzzing in the atmosphere
Your energy is everywhere
It almost speaks your name

I try but I fail
I run but I fall
Falling I find I still can crawl
I'm living to learn
I'm dying to find
That place in my heart
That peace of mind
I'm down on my knees
I'm reaching for you, are you reaching for me?
Keep reaching for me
My serenity
