

The Gathering Field "Promises"

Visit "[Promises](#)" on MotoLyrics.com

In the dark heart of my journey
On the dark night of my soul
I felt an old familiar yearning
For what I did not know
You see I had to have my freedom
So I hit the open road
What I thought I needed
I don't know

Wait for me to come
I hope it won't be long
Made you those promises of love

Now the life that left me empty
Is a faded paradise
And the sun goes down so swiftly
But it takes so long to rise
I seen one too many sunsets
Without you by my side

Wait for me to come
I hope it won't be long
Made you those promises of love
You thought that I was strong
I guess that you were wrong
Breaking those promises of love
