[Timbaland]

Oh! Cee-Lo...you ready to rock wit Timbo?

Oh! Let's go boy! ATL, talk to em Lo...

[Verse 1 - Cee-Lo]

How could I possibly, be inconspicuous

When my flow is fuckin ridiculous?

That's quite an accent, see I'm from the south

Where some of the most beautiful things come out my mouth

And I'm on stage just as soon as I come out the house

So I might as well give them somethin to talk about

I bust a rap to make a blind man believe in the boogey

And if you came here to move the Cee then the boogey on

[Chorus - Tim (Cee)]

When you want me to come (Holla)

When you want me to come (Call me!)

When you want me to come (I'll be around)

(When you want me to come, yeah, woo! Holla)

When you want me to come (Holla)

When you want me to come (Call me!)

When you want me to come (I'll be around)

[Verse 2 - Timbaland]

Here comes Timbaland, I'm also from the south

I like them girls with big butts, and golds in they mouth

I come from the back road, and a dirty house

If you leave the door open, moms'll cuss ya out

I got a big dog in the front yard

Best buh-lieve that bitch bite hard

I gotta grand daddy who think he Joe Clark

And that's how we do it round these parts, Oh!

[Chorus]

[Verse 3 - Cee-Lo]

You see, I do what they wont do and cant do

But gon wish they did when I'm done

And with a smile on my face, give the trophy for

second place rite after I won  
Shake his hand, firm like a man but talk to him like a  
son  
And this way I can still be a little somethin to everyone  
And with that elegance, I rock climb to reach hints from  
God of relevance  
Poise, position, and the plush of a revalance  
And I'm outstandin, outpsoken, which is the  
unequivocal evidence  
It is then instant vintage as it has been, ever since, ah!

[Chorus x2]

Uuhh Ooh! Oh no! Uh ooh! Sweet Sugar Lo and Timbo  
Uuhh Ooh! Oh no! uh ooh, them niggaz bouta get some  
mo dough  
Uuhh Ooh! Oh no! Uh ooh! Sweet Sugar Lo and Timbo  
Uuhh Ooh! Oh no! uh ooh, them niggaz bouta get some  
mo dough  
Uuhh Ooh! Oh no! Uh ooh! Sweet Sugar Lo and Timbo  
(Tim-Bo!)  
Oh No, uh oh, them niggaz bouta get some mo dough  
Uuhh Ooh! Oh no! Uh ooh! Sweet Sugar Lo and Timbo  
(Tim-Bo!)  
Oh No, uh ooh! them niggaz bouta get some mo dough  
(We Out...)
