it's great fun by Hearts Of Soul
I still remember
how soft and tender
you said surrender to my love
I didn't want you
you said I treat you
like no one could be dreamin' of
Now I'm so glad that some
years later you're still around
Now that I found I really need you
now I can read you
You want me still
there's loving about.

It's great fun
it's great fun, nananana
That I am the one
you like to love.

It's great fun
it's great fun, nananana
That I am the one
you're dreamin' of.
