Why I know everything changes tonight  
Why though does everything get me  
Tonight I'll be waiting tonight I'll be looking  
I'm taking my chances  
I'm running with everything that i get from you  
That i got from you

She screams she screams my name at night  
She's oh so sexual  
I'd rather rather give up then give in  
I'd rather rather give up then leave it all behind

I see it in your face  
I see right through your disguises  
Just know I'll never be the one to run and hide  
One more little lie out of that mouth  
I'll be the last one  
To pretend to, to talk to, to befriend you in the end  
I know that I'll be there  
So tell me who is fooling who  
Tell me who's fooling who in the end

She screams she screams my name at night  
She's oh so sexual  
She got her fist clamped tight and her feet on the  
ground  
She got her lips sewn shut she's not making a sound  
I'd rather rather give up then give in  
Rather rather give up then give in

Speed it up speed it up girl your moving to slow for me  
So casually don't you see  
Your never gonna catch me at that speed  
Your moving in way to slow  
I know everything changes tonight why though

She screams she screams my name at night  
She's oh so sexual  
She got her fist clamped tight and her feet on the  
ground  
She got her lips sewn shut she's not making a sound

I'd rather rather give up then give in  
Rather rather give up then give in

One more minute to keep the record spinning I need  
this  
We need this please don't let me go (X2)

She screams she screams my name at night  
She's oh so sexual

Give me give me your hips  
Give me give me your lips  
I wanna pull you in so tight  
Give me give me your hips  
Give me give me your kiss  
I wanna pull you in so tight  
Give me give me your hips  
Give me give me your kiss  
I wanna pull you in so...  
Give me give me your hips  
Give me give me your lips  
I wanna pull you in so tight
