

## The GC5 "Culture Wars"

Visit "[Culture Wars](#)" on MotoLyrics.com

IÃfÃ...Ã Ã,Ã| gonna be a soldier in the culture wars  
They battle in the Capitol, they battle in the streets  
ItÃfÃ...Ã Ã,Ã time to battle back with our minds and  
with our feet  
And as the war is waged on the everyday slaves  
They proclaim our problems stem from lack of purity  
They blame the immigrants, the gays, the blacks, the  
jews  
They wear a smile as theyÃfÃ...Ã Ã,Ã®e tightening  
the screws  
TheyÃfÃ...Ã Ã,Ã®e giving orders to fence up the  
border  
As they congratulate themselves on being born here
