Go" B-side)

Wide awake and he shakes in a panic

Never woke up alone ever before

Had his woman long as he can remember

Tries to forget, but he can't, he can't...

Out of bed and he dreams in the shower

She's standing naked and apologizing

Reaches for her 'till his mind becomes blood hot

Woken up to be burned, burned, again...

Go it alone

You got it, so it goes

I wanna breathe and I said

I can't take it any other way

On the streets he's walkin', wounded

Doesn't smile for the child at play

Thoughts of suicide and alleviation

Anything to get his heart off of the coals

Does he fly away or just talk about it

Like a seagull born to cry in the wind

All experiences lead to a young girl

Alone you will meet the one who lies in wait

Go it alone

You got it, so it goes

Try to breathe, but you can't

You can't take it any other way, yeah, yeah...

...Myself, don't talk to me

I can help myself, don't talk to me

I can help myself, myself

I can help myself, don't talk to me (3x)

I can help myself, myself...

...Myself, don't talk to me

I can help myself

Wide awake and he shakes in a panic

Never woke up alone ever before

Had his woman long as he can remember

Tries to forget, but he can't, he can't, he can't, he can't
