Plaque on the wall says that no one's slept here

It's rare to come upon a bridge that has not been
around

Or been stepped on

Whatever the notion we laced in our prayers

The man upstairs is used to all of this noise

I'm through with screaming and

And echoes nobody hears, it goes, it goes, it goes

Like echoes nobody hears, it goes, it goes, it goes, like
ooh

We're faithful, we all believe, we all believe it

We're faithful, oh, we all believe, we all believe it

We're faithful, we all believe, we all believe it

We're faithful, we all believe, we all believe it

It echoes nobody hears, it goes, it goes, it goes

Like echoes nobody hears, it goes, it goes, it goes

We're faithful, we all believe, we all believe it

We're faithful, oh, we all believe, we all believe it

We're faithful, we all believe, we all believe it

We're faithful, we all believe, we all believe it

M-Y-T-H: it's

Belief in the game controls that keeps us in a box of

fear

We never listen

Voice inside so drowned out

Drowned you are, you are, you are a furry thing

And everything is you

Me you, you me, it's all related

What's a boy to do?

Just be darling and I will be too

Faithful to you
