She don't wander in here don't wander in here she

She don't wander in here don't wander in here

The direction of the eye so misleading

The defection of the soul yea nauseously clear

I don't question our existence

I just question our modern needs don't wander in here
she

She don't wander in here

I will walk with my hands bound

I will walk with my face blood

I will walk with my shadow flag

A-into your garden garden of stone yeah

After all is done and we're still alone yea

I won't be taken yet I'll go with my hands bound

I will walk with my face blood

I will walk with my shadow flag

Into your garden garden of stone-ah yeah

I don't show I don't share

I don't need yeah What you have to give yeah ah

Ooh I will walk with my hands bound

I will walk with my face blood

I will walk with my shadow flag

Into your garden garden oh

I will walk with my hands bound

I will walk into your garden garden of stone yea

I don't show I don't care

I don't need yeah no need to live me to live me to live
Ha

Uh huh huh (x7)
