See it happen to a couple of friends

See it happen and the message it sends

Taking off for what's an obvious fall

Just to see what all the fuss is about

It's not your way...not your way...

It's not your way...yeah...

Another habit sentence him up with you

Another habit says he's long overdue

Another habit like an unwanted friend

I'm so happy with my righteous self...

It's not your way...not your way...

It's not your way...

Never thought you'd habit... (3x)

I never thought you, never thought you...

Never thought you'd habit... (3x)

I never thought you, never, never thought you...

Never thought you'd habit... (6x)

Speaking as a child of the nineties...

Never thought you'd habit... (3x)

I never thought you, never thought you...

Never thought you'd habit... (3x)

I never thought you, never, never thought you...

Never...never me...never you...never me
