Nothin' left for me

I can't live down here no more

I can't fall from a tree

I got wings, it ain't my fault

Understand what's right

It's so hard to be alone

It's never tight

It's been so loose for so long

Hold on... (2x)

Understand my fear

I never been this high before

I can't fall from cheer alone

It only takes a breath to believe...

I can't face one more day

I have tried so many ways

My life work, all I failed

I can't waste away on zeal

Hold on...

A voice tells me hold on...

Somewhere I feel...hold on...

Hold on
