Oh he deals them off of the top. Ties them off.
Fills it up with his past. Gets carried away.
Oh half his life a hand me down wasted away.
Oh he fills it up with the love of a girl.

Oh he left it alone drilled the pain with money to buy.

How he makes his getaway. How he makes his
getaway.

Oh he chose a path. Heavy the fall. Quarter to four.
Fills his night with the thought of a girl.

How he makes his getaway. How he makes his
getaway.

How he makes his getaway. Get away
