I took a drive today
Time to emancipate
I guess it was the beatings made me wise
But I'm not about to give thanks or apologize
I couldn't breathe holdin' me down
Hand on my face pushed to the ground
Enmity gauged united by fear
Forced to endure what I could not forgive
I seemed to look away
Wounds in the mirror waved
It wasn't my surface most defiled
Head at your feet fool to your crown
Fist on my plate swallowed it down
Enmity gauged united by fear
Tried to endure what I could not forgive
Saw things (x4)
Clearer (x2)
Once you in my Rearviewmirror
I gather speed from you fucking with me
Once and for all I'm far away
I hardly believe finally the shades are raised
Saw things so much clearer
Once you
