I took a drive today time to emancipate  
I guess it was the beatings made me wise  
But I'm not about to give thanks but I'll apologize  
I couldn't breathe holdin' me down  
Hand on my face pushed to the ground  
Enmity gauged devited by fear  
Tried to endure what I could not forgive  
Hey hey  
I seem to look away  
Wounds in the mirror waved  
It wasn't my surface uh-huh most defiled  
Head at your feet fool to your crown  
Fist on my plate swallowed it down  
Enmity gauged united by fear  
Forced to endure what I could not forgive yeah  
Saw things (x4)  
Clearer (x2)  
Once you were in my rearviewmirror  
I gather speed from you fucking with me  
Once and for all I'm far away  
I hardly believe finally the shades are raised hey  
Saw things so much clearer once you once you (x3)  
Saw things so much clearer  
Once you  
Wooa
