Uh como se desa smile?
Don't it make you smile (x2)
When the sun don't shine
Yea don't it make you smile
Don't it make you smile
Yea don't it make you smile yea
When the sun don't shine it don't shine at all yea
Don't it make you smile
I miss you already I miss you always
I miss you already yea yea I miss you all day
And this is how I feel
I miss you already yea I miss you always always
Three crooked hearts swirls all around yea
I miss you always always
Don't it make you smile
Three crooked hearts swirls all around yea
Don't it make you smile
