Ohh

State of love and trust as I busted down the pretext
Sin still plays and preaches but to have an empty court
uh huh

And the signs are passing grip the wheel can't read it
Sacrifice receiving the smell that's on my hands hands
yeah

And I listen for the voice inside my head

Nothing I'll do this one myself

Lay her down as priest does should the lord be a
counting

Will be in my honor make it pain painfully clear uh huh

Promises are whispered in the age of darkness

Want to be enlightened like I want to be told the end
end yeah

And the barrel shakes aimed a-directly at my head

Oh help me help me from myself yeah

And I listen yeah for the voice inside my head

Nothing I'll do this one myself

Uh huh

Myself myself

Yeah yeah

Hey na na na na hey that's something (x3)

Wanna back back it away yeah yeah

And I listen yeah for the voice inside my head

Nothing I'll do this one myself yeah

And the barrel waits trigger shakes aimed right at my
head

Won't you help me help me from myself

Woo hey ooh

Hey ooh (x6)

Waah state of love and trust and a

State of love and trust and a (x2)

State of love and yeah yeah
