Tried to remember, but my feelings can't know for sure
Try to reach out, but it's gone...
But the stars in your eyes...
I'm walkin' the cow...
I really don't know how I came here...
I really don't know why I'm stayin' here...
Oh oh oh, I'm walkin' the cow...

Tried to point my finger, but the wind keeps blowin' me
around
In circles...circles...
But the stars in your eyes...
I'm walkin' the cow...
I really don't know what I have to fear...
I really don't know why I have to care...
Oh oh oh, I'm walkin' the cow...
But the stars in your eyes
