What would you do?
What would you do in my shoes?
What would you do?
Even though I don't know you...

What would you do?
Wake up in my shoes?
What would you do?
You'd fuckin' kill yourself man...

What would you do?
Wake up in my ass?
What would you do?
You'd never wake up again my friend...

What would you do?
Would you tell me something please?
What would you do?
You'd fuckin' kill yourself man...

What would you do? (2x)
What the fuck would you do?
Shoot yourself man...fuck
