He won the lottery when he was born
Took his mothers white breast to his tongue
Trained like dogs, color and smell
Walks by me to get to him
Police man (2x)

He won the lottery by being born
Big hand slapped a white male 'merican
Do no wrong, so clean cut...
Dirty his hands, it comes right off
Police man (2x)
Police stopped my brother again (3x)
Police man (2x)

Jesus greets me...looks just like me...

Do no wrong, so clean cut
Dirty his hands, it comes right off
Police man (3x)
Police stopped my brother again (3x)
Police man (2x)

Police stopped my brother again (3x)
Police man (3X)

All my pieces set me free...human devices set me
free...
All my pieces set me free... (2x) } (2x)
Human devices set me free... (2x)
