I seem so overcome, yeah...

Words seem so out of place
words they fall off my altar
How did I get to this place?

Seems so, sounds so familiar
Lost in my dying, cold cry...
All their dreams, there's a million, yeah...
So does it feel time to say a prayer?

Hey, yeah... (2x)

Words they seemed out of place
Words they seem out of place
Falling out on my face, yeah...
Words just seem out of place
