Here I am,  
Off in the distance  
But IÃfÃ,Ã,Ã´m still calling your name  
Not a day passes  
That IÃfÃ,Ã,Ã´m not asking  
why some things  
turn out in the worst of ways

Ashes to ashes and dust to dust  
The storm move on in and it swept away  
With us

Can you hear the falling rain?  
ItÃfÃ,Ã,Ã´s coming down today  
Have you seen the falling rain  
Can you see what weÃfÃ,Ã,Ã´ve become  
And were still missing out there  
Somewhere in the rain  
Somewhere in the rain  
I heard itÃfÃ,Ã,Ã´s dark right before the dawn  
I heard from someone there  
A calm in every storm  
Something broke on in and pushed us  
On out of the light  
2 children sent into  
Dark corners of the light

Can you hear the falling rain?  
ItÃfÃ,Ã,Ã´s coming down today  
Have you seen the falling rain  
Can you see what weÃfÃ,Ã,Ã´ve become  
And were still missing out there  
Somewhere in the rain  
Somewhere in the rain
