Let me drop the weight of my world on your shoulder  
IãfÂ,Ã,Â´ve come to burden you  
Like they all warned ya  
Some come on along  
And be my crutch  
Let me know down  
All that you construct  
I just wanna drag you down  
IãfÂ,Ã,Â´ve just got to

Since I could  
I guess I should impose  
IãfÂ,Ã,Â´ll bleed you dry  
And then IãfÂ,Ã,Â´m down the road  
So come on ih and hop inside  
What is yours becomes now mine  
I just gotta drag you down  
I just got to  
IãfÂ,Ã,Â´m not gonna do  
What the others did  
IãfÂ,Ã,Â´m gonna take  
When you want me to give  
I just wanna waist your time

Since you asked me in  
I guess IãfÂ,Ã,Â´ll stay for a while  
IãfÂ,Ã,Â´ll wear out my welcome  
With this unforgiven style  
When IãfÂ,Ã,Â´m done  
YouãfÂ,Ã,Â´ll feel so burned  
I just wanna drag you down  
I just got to
