Rock on baby now it's Saturday night
I don't have to tell you everything is alright
So come on
come on
come on
come on keep moving

Saw you in the corner (corner) lookin' kinda stupid
(stupid)
But then I got you dancing (dancing)
And now that you're moving
keep movin' come on.

Look out Baby someone's slowing us down
We'll tell them you just don't want 'em around
So come on
keep moving.

Keep dancing keep on shouting for more
don't let nothin' stop you till you're on the floor
Just come on keep moving.
