COMMUNICATION

I don't know why,
Your mad at me,
If you are,
Or why you'd be,
I don't read minds,
And you don't speak,
You shut me out,
And make me freak.

Why don't you say,
What's on your mind,
'Stead of making me,
Guess all the time,
You need to say,
Need to reveal,
What you think,
What you feel.

Talk to me,
I listen well,
Whenever you've,
Something to tell,
Don't hold back,
Don't be afraid,
Let it be known,
Let your point be made.
