KILL OR DIE

When the enemy is as wise,
As the weapons you've devised,
False security it provides,
Falls down to bare it's lies.
There's no place to run,
With the enemies inside,
You've built a bigger gun,
There's no place left to hide.

How can a war be won,
How can peace be made,
When it's harming everyone,
When your killing everyday?
How can we be free,
Can this world be saved?
Killing what we'll be,
We've become our own slaves.

When the moments flash before your eyes,
It's kill or be killed, you must decide,
To hesitate is suicide,
Your only choice is kill or die!
