THIS WICKED PLACE CALLED EARTH

Here this place I dwell
I walk the Earth in pain
In this living Hell
of Satan's evil reign.
I strive to find some good
None comes my way
Can this be the end?
Is there no other way?

All this pain I see
I feel Inside my soul
It hurts to know
That there will be a toll
To make it to
The gates upon our rest
So sad that behind many will be left

(Chorus)
He'll always wrong the right
His grip on us is tight
All we can do is pray
There is no other way
