Don't wanna go to the movies  
Or spend the day in the park  
I don't want no one to call me  
I just wanna alone with my heart

And think of the way that you held me  
The touch of your lips on my face  
Surround myself in your memory  
It's just one of those days

I wanna lay in my sorrow  
I wanna drown in my tears  
Don't wanna think of tomorrow  
Until these thoughts disappear

Then I'll be back on my feet again  
Before it's too late  
As for now I wanna be alone  
It's just one of those days  
It's just one of those days

I wanna think about Texas  
Driving the coast of Malibu  
Wherever my minds wants to take us  
I don't care long as I'm there with you

Why do I put myself through this  
When most of the time I'm okay  
But here and now I can feel it  
It's just one of those days

I wanna lay in my sorrow  
I wanna drown in my tears  
Don't wanna think of tomorrow  
Until these thoughts disappear

Then I'll be back on my feet again  
Before it's too late  
As for now I wanna be alone  
It's just one of those days  
It's just one of those days

Then I'll be back on my feet again  
Before it's too late  
As for now I wanna be alone  
It's just one of those days  
It's just one of those days

It's one of those days
