Hi, remember me my name's Stan,
I'm the one who threw myself over a bridge, the shady
fan.
Well guess what I'm not dead and I'm coming after you
shady,
Cus it's your fault I killed my girlfriend and my baby.
All you had to do was to reply to my letter, and ask me
how I've bin,
But you didn't you just ignored me, so fuck you too
slim.
So when I see shady, I'm gonna kill him,
I don't care if the police find me and I go to prison.
Cus if he dies justice will be done,
Yesterday I went into town and brought a gun.

Come on you don't wanna shoot me do you stan?
Come on man, don't be stupid drop the gun out of your
hand.
No slim, I'm here now, I might aswell do it SIREN RINGS
Who called the mother fuckin' cops? oh no I'm in shit!
I called them stan, I think you need some help,
What are you gonna do after you kill me, kill yourself?
Yeah! What I got to live for shady?
I'm broke, got no house, got no wife, got no baby.
Fuck you slim, don't try and talk me out of killing you
I don't care if I go to prison for a year or two.
Yeah, but stan I don't wanna die I got a family,
If you go to prison, you ain't never gonna have a wife
and baby.
I know you're right slim but I might aswell do it, I'm here
now,
The only family I got left is my mom and shes a cow,
I got no friends, nobody likes me,
But stan, if you kill mwho's gonna take care of hayley?
Ok slim shady, you've persuauded me,
I'm gonna start a new life in a new country,
But the cops are coming slim what am I gonna do?
Just go stan, run and I'll cover for you
