[Verse 1]

I see myself when I look at you
I'll give my love
If you want me too

I close my eyes when I hear your name
I want your touch and your love in vain

No matter what, when it comes to you
I'll feel anyway that you want me too

La la la la la la la la la

[Pre-chorus 1]

How many times, can your lovin' cut me
How many lines, have you done lately
Why can't I, get you to touch me
Give me what I want
Cause I know that you want me

[Chorus]

C'mon,
Give up, I want, your love
C'mon, give up
Ahh ahh ahh
Ahha haahhhahhahhh

[Verse 2]

I lose my nerve when I hear your voice
I wanna lay down but I've got no choice

I check my head cause I'm all messed up
Let me get a drink from your loving cup

The sun don't shine for me anymore
I got your cloud knocking at my door

Naah nah ah nah nah naah

[Pre-chorus 2]

Your cold hard lies, come like a Banshee

Your pale brown eyes, Jackie come lately
Why can't I, get you touch to me
Give me what I want
Cause I know that you want me

[Chorus]
C'mon,
Give up, I want, your love
C'mon, give up
Ahh ahh ahh
Ahha haahhhahhahhh

[Outro]
C'mon, give up, I want,
Your love
C'mon, give up
Ahh ahh ahh ahha haahhhahhahhh
