A ball of light comes down to bite me on the ass
The legs, the breasts, I'm falling from my nest
My earth, my pride are laughing from inside
My eyes are closed and I'm dripping like a rose

Old palm trees sway in the breeze
Lick my lips, I'll be alone forever
You'll never get my heart

A nickel, a dime, you find, still rolling on the ground
You found a pearl in a strange and tangled girl
You laid her down and her face screwed up your mind
It's all a dream that is bursting at the seams

In tortoise, in shell, in hell, you'll find me on my back
I crack once more, yes I am just a tart, a heart on stilts
Pick the flower and it will wilt
To die in bliss for greedy lover's kiss

Old palm trees sway in the breeze
Lick my lips, I'll be alone forever
You'll never get my heart

Old palm trees sway in the breeze
Lick my lips, I'll be alone forever
You'll never get my, you'll never get my, you'll never
get my

Old palm trees sway in the breeze
Lick my lips, I'll be alone forever
You'll never get my heart
