Diamonds don't mean a thing
If the lovin' touch ain't there
Rubies, rubies on a string
You can find them anywhere
Heartache, it happens every day
Why am I so blue
I've got this heartache
No matter what I do....

Diamonds don't mean a thing
When you're sleeping all alone
Parties, never seem to swing
If that special thrill is gone
Palm trees, swaying in the breeze
Get boring too
That's my life story
No matter what I do....

Repeat 1st verse
