God bless here's a man of conviction
With evidence enough to convict him
So he stands by the side of the victim
Has strength enough to forgive him

Hopefully nobody saw him, hopefully nobody saw him
The means justified by the ending, sinner and Saint for
defending

The bastard by him that is bleedin'
Throws salt in the wounds of the needy
And the blood from the cut that is seethin'
And he gasps for the air, we are breathin'

Hopefully nobody saw him, hopefully nobody saw him
The means justified by the ending, sinner and Saint for
defendin'

Our hero is gone

God bless here's a man of conviction
With evidence enough to convict him
So he stands by the side of the victim
Has strength enough to forgive him

The bastard by him that is bleedin'
Throws salt in the wounds of the needy
And the blood from the cut that is seethin'
So he gasps for the air, we are breathin'

Hopefully nobody saw him, hopefully nobody saw him
The means justified by the ending sinner and Saint for
defendin'
