You've got some nerve I never knew
What with the world, we gave away in front of you
I see it all much clearer now
You're just a phase I've gotten over anyhow

It's over, I'm not giving in again
We're loyal like brothers, just us versus all the others
You're the one for, you're the one for me
And I trusted misleading promises worth repeating
How could you do this to me?

Red letter day that I learn
I'm sure you get what you deserve
I see it all much clearer since
I'm far past the point of this

It's over
We're loyal like brothers, just us versus all the others
You're the one for, you're the one for me
And I trusted misleading promises worth repeating
How could you do this
How could you do this to me?

If it's a lie, I don't want to be the one who signed
I'm not the one who falls down
It's over now, over now
If you want to try
Try and forget it
I'll say It's over
I'm gone

We're loyal like brothers, just us versus all the others
You're the one for, you're the one for me
And I trusted misleading promises worth repeating
How could you do this
How could you do this
How could you do this to me?
