Baby Deleilah
Sick in her skin
Out on the highway
Livin' for nothing but him

It's the same old song again
An absence she defends
On and on and on forever, she says
You should still be here

Hooks in her tongue
Escape if you can
Clear out the room
I'll open the window, I'll fly in

Blood on the table
She made up her mind
All of the talks we had
Were for nothing but I'd shine

It's overwhelming now
His absence she defends
On and on and on forever, she says

It's all over now, it's all over now
It's all over now, it's all over now
And it's all over now, it's all over now
It's all over now, it's all over now

On and on and on forever, she says
