Ten minutes to downtown  
Is ten minutes too far  
When my friends all say I'm crazy  
Maybe I'm being selfish  
Maybe I'm just scared

Don't be gone when I get home  
I need you there

If I had to explain it  
I wouldn't know where to start  
It's like you're falling in love  
While I just fall apart

Ten minutes to downtown  
Is ten minutes too far  
When my heart is saying you're crazy  
Maybe things are getting better  
Maybe things aren't so bad

Don't be gone when I get home  
You're all I have

If I had to explain it  
I wouldn't know where to start  
It's like you're falling in love  
While I just fall apart

Pockets empty, how can you tell me  
That everything will work out?  
A pointless fight when you're always right  
And everything will work out, it works out

Sometimes, I miss you more  
Whenever I'm at home  
I've been home all summer  
Now I'm leaving you alone

Pockets empty, how can you tell me  
That everything will work out?  
A pointless fight when you're always right  
And everything will work out

Everything will work out  
Everything will work out
