And I'm the one you've been hanging 'round
Just stop hearing any sound
Found your face down on the ground
Found a friend never could be found

I've been waiting around
Systems failing now

On your honor so I hear
It's never been your fault you swear
Is the union based on fear?
Tenement to tears

I've been waiting
Systems failing

Walking on a wire on the ground
Walking on a wire on the ground
Walking on a wire on the ground

Is this all your world tonight?
Is this all your world tonight?
I have to tell a lie
To avoid a brutal fight

I've been waiting
Systems failing

Walking on a wire on the ground
Walking on a wire on the ground
Walking on a wire on the ground
I'm walking on a wire on the ground

Walking on a wire on the ground
Walking on a wire on the ground
Walking on a wire on the ground
On the ground
