Would you stay for one night?
If I didn't come home?
The end of a big fight
Doesn't matter anymore

The point in my midlife
Situation stands
But hours pass like years

Wish you were here
Wish you were here

Did I open an old wound?
Is there something I should know?
If it's all ending so soon
How could I possibly let go?

Comes to a head, this is high noon
The finale we have planned
But hours pass like years

I wish you were here
Say the words so slow
Say it without fear
You won't turn to go

You won't leave me here
The past is all we know
The memories are clear
I wish you were here

If I told you, were you listening?
Did you know this from the start?
Do the dates match exactly
Your plan when we would part?

If I won't wait for another year
I guess you'll break my heart
It's true, you already knew
So take this as a souvenir

Remember me, I'm waiting here

Disappointed, hang around
Stayed behind while you moved on
Wish you were here
