I dream of you, asleep & awake
and I don't know the difference
did I fall in love, did I fall in a lake
I don't know the difference
come to me, won't you come to me, please
I dream of you asleep & awake
and I don't know the difference

bad guys win, good guys lose
I don't know the difference
the world could end on the 6 o'clock news
and I won't know the difference
come to me, won't you come to me, please
I dream of you asleep & awake
and I don't know the difference

I'm a dog, you're a cat
I don't know the difference
love is blind, I'm blind as a bat
I don't know the difference
